Communicative English I (3) (E)

ナイアル・ウォルシュ先生

This Communicative English I course is offered to first-year students in the Department of British and American Studies at Aichi Prefectural University. The primary objective of the course is to develop students' confidence and fluency in using English for real-world communication. Through interactive speaking activities, pair and group tasks, and discussions on a wide range of topics, from everyday life to global issues, students develop their communicative competence and pragmatic language skills. The course is conducted entirely in English, and the students' proficiency level is approximately CEFR B1. If you are interested, you are warmly invited to observe a class session. We look forward to welcoming you to our class.
